## GAMMA-ZETA REUNION

The alumni of Gamma-Zeta Chapter will host their bi-annual reunion July 7-11, 1998, on Amelia Island in Florida. Activities are set to begin on Wednesday evening with a cocktail hour. Other tentative events include several happy hours, a deep sea fishing excursion on Friday, a golf tournament during the day on Saturday and a dinner/dance on Saturday evening. Over 50 alumni brothers of the chapter are expected to attend. The cost is \$100 for adults and includes the Saturday dinner and dance plus many other extras. The cost for children is \$25. It promises to be a great time for everyone in the family! If any Gamma-Zeta alumni are interested in attending, please call Cal Hill at (603) 964-8820, or David Howard at (904) 261-3307 for more information. Hope to see you there!

## THE SIGMA PI WESTERN WORLD SERIES

Epsilon-Nu Chapter at CSU-Fullerton and the Orange County Alumni Association will host the 21st Annual Sigma Pi Western World Series Softball Tournament on Saturday, April 25, 1998, on the CSU-Fullerton campus. The event will be a one day, sixteen team double elimination tournament beginning at 9 a.m. Both undergraduates and alumni are encouraged to participate. For more information, contact David DeFilippo at (714) 435-3903.

# Province Archons & Chapter Director's Needed

The positions of province archon and chapter director are very exciting and rewarding volunteer positions focused on working with the undergraduate members of Sigma Pi Fraternity. Specifically, chapter directors' duties include representing the Grand Sage, attend undergraduate chapter meetings, review the chapter's monthly financial reports, meet periodically with the campus fraternity advisor, attend chapter functions when appropriate, etc. Province archons' duties include representing the Grand Sage, organizing province workshops at least once a year, and maintaining open lines of communication with the province's chapter directors.

Province archons and chapter directors are an integral part of Sigma Pi. It has been illustrated time and time again that chapters with strong alumni involvement are strong chapters. Positions are available throughout the United States and Canada. If you are at all interested or know someone who is, please contact Jason Carlin, Director of Chapter Services, at the International Headquarters (1-800-332-1897).

## FROM THE EDITOR

This issue of *The Emerald* highlights inspiring personal accomplishments of our alumni that we all should commend. I am also privileged to recognize the brothers who have financially supported the Fraternity over the past year with their contributions. Now, we offer the opportunity for all our brothers to be permanently recognized at Shadowwood with a brick in our Brotherhood Walk.

In recognition of your contribution, you will receive a framed rendering of your brick, perfect for your home or office. Your paving brick in the walk will be inscribed with your name, chapter, and graduation year. More importantly, your gift allows our Fraternity to continue funding programs for our undergraduate brothers. This is especially important as we continue to develop our alcohol awareness training and leadership workshops.

Brother by brother, brick by brick, we are establishing a permanent walk at our International Headquarters that symbolizes your response to what has given previously to you.

Fraternally,

Mark S. Briscoe, Executive Director

California State Senator Tim Leslie

# Tim Leslie Draws Two Lines on the Battlefield

*Fraternity brother runs for Lieutenant Governor of California while fighting cancer*

State Senator Tim Leslie (BO, CSU-Long Beach '63) has announced that he will run for Lieutenant Governor of California in the upcoming election. Brother Leslie has been a California State Senator since 1991. Before joining the Senate, he was elected to the State Assembly in 1987 and made an immediate impression on his peers. As an Assemblyman, he founded the Community Action Against Drug Abuse program which outlawed the public sale of drug paraphernalia. He also held a position on the Governor's Advisory Committee on Drug Abuse.

Over the past 11 years, Brother Leslie has earned the reputation as a tenacious and pragmatic lawmaker with an anti-tax, pro-family and pro-business focus. He has served as the vice-chairman of the Senate Appropriations Committee and the Senate Judiciary Committee. Since his election to the Senate in 1991, he has been recognized as the "Legislator of the Year" by the Sacramento County Taxpayers' League and was presented the "Hang Tough Award" presented by the National Tax Limitation Committee.

Brother Leslie has authored legislation to impose the death penalty on felons convicted

of killing a child under the age of fourteen. He was also the principal co-author of "Megan's Law" which

requires law enforcement officials to notify the public of the identity and location of convicted sex offenders. In addition to protecting the public, one of his top priorities has been education. He co-authored legislation to prohibit teachers convicted of felony sexual assault or drug offenses from returning to the classroom. One of his latest accomplishments is the Teen Driver Safety Act of 1997 which establishes tough new guidelines for first year drivers.

Brother Leslie is running for Lieutenant Governor because "values still matter." As lieutenant governor, he is seeking to have a positive impact in the areas of education, trade and the overall business climate. He is excited about the opportunities before him and has promised that to be a lieutenant governor who advocates a new kind of government, "smaller, better managed and much closer to home."

While Brother Leslie battles for the people of his district daily, he faces his own personal battle with cancer. In April of 1997, he was diagnosed with multiple myeloma, a rare form of cancer which causes the body to produce a high level of plasma which affects the body's ability to produce red and white blood cells. He had recovered from a similar condition in 1984.

Despite his ailment Brother Leslie has continued campaigning stating that he foresees no reason not to continue. The support he has received from the constituents in his district has kept the Leslie family's hopes high, and they expect nothing but a complete remission.

By remaining active and strong throughout treatment, he hopes to encourage others that are also battling cancer. "I hope that through my positive attitude and ultimate success in beating cancer, I can be a positive motivator for others who have been similarly diagnosed by showing them that cancer is not a death sentence."

On December 26, 1997, Brother Leslie had a procedure performed at Stanford University Medical Center that reinserted his own treated blood cells back into his bone marrow. While it is too soon to confirm that this procedure was 100 percent successful, the treatment went very well and his white blood cell count is expected to increase.

The Fraternity extends its best wishes for a speedy recovery to Brother Leslie as he pursues this opportunity. If you are interested in wishing Brother Leslie well, you can contact him directly at:

# A Brother's Crusade For Society: *The Second Time Around*

*Ted Stone pauses in front of the Louisiana State Capitol Building where he was presented with a Proclamation of Appreciation from Governor Mike Foster.*

**T**his Spring, Ted G. Stone, AN, (Wake Forest '56) will embark on his second walk across America to speak out on the dangers of drug abuse. Brother Stone, 62, a former amphetamine addict, made a similar 3,600 mile trip in 1996 from Washington, DC, to Los Angeles.

The 1998 trip is scheduled to begin after Easter in San Francisco CA, and will conclude at the end of October in Washington, DC. Brother Stone will walk an average of 25 miles a day. He will drive up to 150 miles off his route to speak.

During his last trip, Brother Stone spoke to approximately 200 audiences about the changes society must make in order to correct the problems caused by drug abuse. "My dream is that one day our children and our children's children can live in a society free from this terrible drug problem that plagues our country today," Stone said.

As Brother Stone walks across America he can be seen carrying an American flag

*Brother Stone is shadowed by his escort car as he walks through the oil fields of west Texas.*

**"I believe we are our brother's keeper, and I hope that this can show (the members of) Sigma Pi that we really are."**

**— Ted Stone**

with him wherever he goes. This trip is a symbol of his patriotism as much as it is educational. "America is the land of second

chances, God gave me a second chance and people did too."

Brother Stone was addicted to amphetamines during the early 1970's and was incarcerated for four years. He attributes his recovery to God and has become dedicated to preventing others from making similar mistakes.

"There is nothing pretty about the drug scene," Stone said, "I am ashamed of my past, but proud of the drug-free lifestyle I adopted years ago after my close brush with total disaster."

For over 20 years Brother Stone has been actively opposing drugs by speaking to over 5 million listeners and writing two books, *Somebody Special* and *The Drug Tragedy—Cost, Cause, and Cure*. Walking across America has allowed Stone to focus

sustained us until we reached our final destination," Stone said.

"The success of the walk cannot be measured in dollars. The whole purpose of the walk was to deliver a message of hope to hurting Americans and to make a mark for good in our country's battle against drug abuse."

His past efforts have not gone unnoticed by the American public. Brother Stone has met with former First Lady Betty Ford, and three governors, including Gov. George Bush (TX). Brother Stone's most recent accomplishment was in Durham County, North Carolina, where he succeeded in having December 24th and 25th, 1997, declared as Sobriety Days. He has also formed a strong local organization, Citizens United To Fight Drug Abuse, designed to help rid Durham County of Drugs.

In addition, on March 11, 1997, US Senator Lauch Faircloth made an entry into the Congressional Record regarding his efforts. "Ted Stone is a great American who is working to show all Americans that an individual can make a difference in the war against drug abuse."

His real reward comes from the people he meets along his route. One of his favorite memories is of a 16-year-old boy who said after a presentation at a Dallas summer camp, "Ted, what you said has changed my life forever."

"That made my whole trip worthwhile," Stone said.

Brother Stone fondly remembers his days at Alpha-Nu and how they opened his eyes to the world. He often refers to them as the best part of his life. "I believe we are our brother's keeper, and I hope that this can show (the members of) Sigma Pi that we really are."

He encourages brothers around the country to visit him along his route and to hear him speak. Currently the route is not finalized; when it is, however, it will be posted on his publisher's internet site at: [www.blueoexpress.com/stone](http://www.blueoexpress.com/stone). 

more media attention on this continuing problem and reach more people with his message.

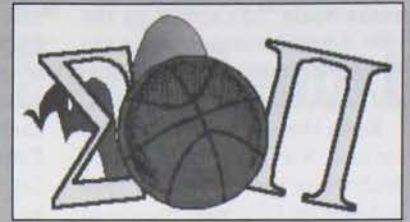

"The excellent coverage by the media all along the route allowed me to reach countless people with the message of hope," he said. "People I could have never reached by speaking."

Brother Stone said financing the trip was tough. He estimated that the trip would cost around \$25,000 but the final total was approximately \$32,000.

"I tried to earn my own way by speaking, sort of like Paul and his tent making. I was not sponsored for the trip. New Balance did furnish the shoes and I was grateful for reduced rates at some Holiday Inns."

"I am deeply grateful to my friends whose contributions helped get us started on the journey and to the churches along the way, whose love offerings along the way

## Regional 3-on-3 Tournaments Planned

Make plans for your chapter to participate in the **Hoops that Help Charity Classic**. Sigma Pi's Hoops that Help Charity Classic is a fund-raising program designed to bring brothers from your region together for a 3-on-3 basketball invitational. All proceeds of these tournaments will benefit the Spinal Cord Society (SCS). The SCS is an organization devoted to funding research to cure spinal cord related injuries, including paralysis.

This program is designed to promote brotherhood nationally while it raises funds for a worthwhile charity. Your participation in this year's tournament will count as a philanthropy event for your chapter! For more information check out the Sigma Pi website at: [www.sigmapi.org](http://www.sigmapi.org) in February

All proceeds from the event will benefit the charity. If you have any questions about the tournament, call the contact in your region. Information will be sent to the chapters in the coming months. United in Brotherhood we can make a difference!

Gary Schirmacher (AI, **Arkansas State '85**) served on the 1997 Advisory Committee for the Denver Metropolitan Convention and Visitors Bureau.

Kevin Vinson (AA, **Auburn '94**) earned his AAS in Aviation Technology with honors in 1996 and flies for USAirways Express in Wichita, Kansas. He will be traveling to the Land Down Under at the beginning of this year and returning to the South to fly a corporate jet for Mercedes Automotive in March.

Captain Tim Vincent (HA, **Cal Poly-San Luis Obispo '94**) was deployed in December to Bosnia as a battery commander for Battery F, 144th Field Artillery which is part of the California Army National Guard. He will be returning to California in July.

Ken Mayginnis (BO, **CSU-Long Beach '67**) has become professionally involved with one of his passions, alpine skiing. He recently completed certification with the Professional Ski Instructors of America as a Level III Alpine Instructor and is also certified by the United States Ski Coaches Association as a Level I Alpine Coach. In the winter, he teaches full-time at Schweitzer Mountain Resort in Sandpoint, Idaho. During the off season, he is the proprietor of a 60-acre tree farm near Sandpoint.

Peter Palmiotto (BO, '96) is the San Diego Market Consultant for T.E.A.M. Enterprises, a promotions company. He oversees 50 accounts, 45 employees and 4 major brands: Jack Daniels, Southern Comfort, Finlandia Vodka and Lucky Strike Cigarettes. Some of his larger venues include the San Diego Sports Arena, Street Scene, Hospitality Point Concert Series and boxing events. Brother Kenny Gershman (BO, '94) and Ron Garcia (BO, '96) also work for T.E.A.M. Enterprises as the representatives for San Francisco and L.A./Orange County areas, respectively.

Ted Symons (BO, '89) married Melina Kaplanis on May 3 in Los Angeles. They honeymooned in the Dominican Republic and plan to make their home in Redondo Beach.

Stephen McMurray (EA, **Eastern Kentucky '94**) received his master's degree in biology from EKU in May and is now employed by the Kentucky Division of Water as an aquatic biologist.

Ernest Ladkani (HE, **Florida State '93**) left his position with Hunter Research in Trenton, New Jersey, and accepted a position as Project Manager with B&H Environmental Services in Houston, Texas. He is currently head of field technologies and cultural resources. Ernest is also enrolled in the graduate anthropology program at the University

of Houston. He and his wife, Melody, are expecting their first child in June 1998.

Arman Dabiri (EI, **Illinois Wesleyan '94**) graduated from the Drake University Law School in December 1996. He has since begun pursuing a degree in International Corporate Law at American University Washington College of Law.

Robert Nemanich (B, **Indiana '76**) has started a second business called Strategic Recruiting Solutions, LLC. The firm provides recruitment training (public and corporate workshops), management consulting and retained executive search services for the recruitment, staffing and technical consulting industry. Previously, Brother Nemanich was the corporate manager of recruiting at Manpower's headquarters where he was leading in the development of their rapidly expanding technical contracting business. He was also the founder and president of a specialized consulting firm called Clinistat which provided services for the clinical trials industry. His firm is located in Wisconsin and provides its services throughout North America.

Peder Nielsen (Σ, **Iowa State '94**) works for The Boeing Company in Arizona and is currently involved with the building of a cockpit simulation system for

the U.S. Army's Longbow Apache helicopter. The system carries a \$10 million price tag! Previously, he was employed by Motorola as a software engineer and worked on a highly sensitive government satellite project. He and his wife own a home in Scottsdale.

George Barrood (FH, **Rutgers '93**) recently passed the New Jersey State Bar Examination. He opened a law office at 52 Paterson Street in New Brunswick, New Jersey. Any brothers are welcome to contact him.

Brian Darrow (ZH, **Santa Clara '91**) competed in the Honolulu Marathon on December 21. As part of the marathon, he raised \$3,800 for the Leukemia Society.

Dr. Scott Burket (ΓΔ, **Slippery Rock '74**) is a professor of kinesiology at the University of Central Arkansas.

Chuck Ostrom (BN, **SIU-Carbonale '84**) accepted a position as a pilot for Northwest Airlines. He is also a captain in the Air Force Reserve and flies the new C-17 Globemaster III transport aircraft with the 317th Airlift Squadron located at Charleston AFB, South Carolina.

Stephen Dolan (HN, **Towson State '95**) has started a new job as the coordinator of Greek life at his alma mater. He is excited about working for the system of which he was a part as an undergraduate.

# 1996-97 Sigma Pi Annual Fund Report

## PRESIDENT'S LETTER

**It is the Foundation's privilege** to have received charitable gifts from July 1, 1996 through June 30, 1997 from the brothers and other friends listed on the following pages. Gifts to the Annual Fund help provide Foundation Scholarships and Educational Grants to the Chapter Consultant Program, Leadership School and other Qualified Programs. An equally important privilege is the responsibility of the volunteer Board of Trustees of the Educational Foundation to make the most prudent administrative and investment decisions so that those contributions can provide the greatest assistance possible.

The Sigma Pi Educational Foundation operates as a 501(c)(3) public foundation, established to further the educational objectives of Sigma Pi Fraternity. Alumni may count gifts to the Foundation as tax deductible, charitable contributions to the fullest extent of the law.

As Sigma Pi moves into its next century, the need for strong alumni support of the Foundation will continue to grow. The Board of Trustees has created the Brotherhood Walk as an opportunity to provide special thanks and recognition to donors contributing at a level of \$125 and above this year. To learn more about this opportunity to become a permanent part of Sigma Pi history, refer to the ad on the back cover or the envelope in the center of this issue.

On behalf of the Board of Trustees, "Thank You" to each of the alumni and friends who supported the work of the Foundation last year.

Fraternally,  
Greg Evans  
President

The Annual Giving Clubs honor those individuals whose contributions are recognized at increasing levels of support.

We have made every effort to present the correct information.

Donors are listed for the 1996-97 fiscal year only.

On behalf of all members of Sigma Pi Fraternity who benefit from Annual Fund support, the Board of Trustees of the Sigma Pi Educational Foundation thank you.

Foundation grants support educational programs of the fraternity, including the Leadership School, hazing and alcohol awareness programs, and scholarships. The Foundation also supports the Educational Leadership Consultant (ELC) program which provides training and education to chapters at their local level. Four brothers of Epsilon-Omega celebrate the Centennial on top of Mt. Royal in Frisco, Co. From left to right, Eric Lovenduski, Dustin Gunderson, Todd Bizzigotti, and Kevin Philips.

### ARKANSAS STATE UNIVERSITY *Alpha-Pi Chapter*

Alpha-Pi has grown from 25 actives to 35 in the last four months and

things are looking very good. While the 100th Anniversary Celebration has ended, the chapter's 50th will be on March 7, 1998. If you have not

received any information regarding the celebration, please contact the chapter, ASU, or the International Headquarters to update your mailing

address. This Spring Alpha-Pi will hold its 5th annual Walk-A-Thon to benefit the Northeast Arkansas AIDS Network. The chapter has received several awards locally and internationally due to the philanthropy's success. More news about the event will be forthcoming in the next issue of *The Piper*. We hope the alumni can help support this good cause.

### CALIFORNIA STATE UNIVERSITY-FULLERTON

#### *Epsilon-Nu Chapter*

Epsilon-Nu had a very successful fall semester. We finished rush with 22 pledges and will initiate 18 in January, our best retention rate in 5 years. We participated in philanthropy projects for St. Paul's Apostle Church, the CSU-Fullerton Music Department, the YMCA and the American Heart Association. The pledge class held the First Annual

## ALUMNI CLUB NEWS

### THE DELTA-RHO ALUMNI ASSOCIATION

The Delta-Rho Alumni Association members have hosted and participated in several events during the past months. They held their Orchid Ball was held at Shawnee State Park near Portsmouth, Ohio. A number of alumni gathered early for golfing or nature walks inside the park. The alumni meeting was conducted during the afternoon and then everyone had a great time at the dance that evening. Brothers visited from Florida and Pennsylvania to name just a few places.

The annual summer picnic was held at Cave Run Lake near Morehead, Kentucky. Activities included camping, hiking, fishing, boating, softball, volleyball and horseshoes. The event was a great time for the whole family.

This year's golf tournament was held at Eagle Trace Golf Course near Morehead. The course is regarded as one of the top five in the state. The number of partici-

pants increased over last year and prizes were awarded to the top four teams.

Several events are on the horizon for the association. Homecoming will be October 11-12 in Morehead. The active chapter already has a full schedule of events planned and the alumni meeting will be held at 9 a.m. on Saturday in the University Center. Everyone is encouraged to visit campus for the weekend.

The active chapter is planning a softball tournament to raise money for the housing fund. The tournament will be held at the community park just outside Morehead. Alumni and area teams are encouraged to participate.

Special thanks go out to the executive officers for their commitment to excellence, their hard work and their dedication in leading the organization. The members must also be thanked for their involvement and financial support which allows the organization to grow and prosper.

### THE SEMINOLE ALUMNI FOUNDATION

This year's Homecoming Weekend hosted by the Seminole Alumni Foundation was a great success. On Friday evening members of the Foundation and active brothers gathered at "Potbellies" (a local bar owned by an alumnus) for a social. On Saturday morning the annual meeting and elections were held, followed by a tailgate party in front of Doak Campbell Stadium.

At the meeting President Dave Hunt discussed several of the projects that have been completed or started during this past year. He acknowledged the efforts of the new regional directors, and also the work of Warren Kirsbaum and Jon Riddell for their work on the web page. In addition, he awarded plaques to Vice President John Maceluch, Secretary Kevin Frein, and Treasurer Jason Hahn for their work on Executive Council. Also recognized, was Jeff Seay for

his continued financial contributions. The guest speaker was Dr. Kancel, a local alumnus from the University of Arkansas, who spoke on the glories of Brotherhood and the value of alumni support.

With only 7 percent of the alumni present, the election process was postponed for lack of interest. Several Alumni did voice interest in filling the positions after further discussion. The future of the Foundation is now being discussed by the current executive council, and a new leadership format has been proposed. A new executive council, possibly in a new format, will be in place by the publication of the next *Burning Spear*.

Dave Hunt, current Foundation president, would again like to thank his officers and the others who have helped support the Foundation. If any alumni care to give their input concerning the Foundation, they should contact Dave at 813-724-3570.

Pledge Golf Tournament and also raised \$600 for the chapter's philanthropy. During the holiday season, there was a Thanksgiving dinner and a Christmas dinner/gift exchange. At the end of the semester, the Greek community assembled for a scholarship banquet at which the following brothers received awards: Mike Bowen was named Greek Man of the Year and was nominated for Order of Omega; Jeff Lawrence was runner-up for Greek Man of the Year; and Mike Lussier was nominated for Order of Omega, became part of the Gamma Sigma Alpha honor society and received the John J. Merino Scholarship. The chapter also received an award for exceeding the all-fraternity G.P.A. Two brothers were elected to the Interfraternity Council for the upcoming year. Jeff Lawrence will be the IFC President and Alan DeLaTorre will serve as Vice-President of Public Relations. Jeff Lawrence also won the bowling in CSUF intramurals. Finally, the chapter is in position to take the overall lead in intramurals if we win the warball tournament in December.

## CALIFORNIA STATE UNIV.- LONG BEACH

### *Beta-Omicron Chapter*

Beta-Omicron has grown from a ten man chapter that was once on the brink of extinction to a thirty man chapter that is on the verge of dominating its campus. We have just completed the most successful rush in the past eight years, bringing in 20 new pledges. The chapter spent several weeks this summer painting the house, acquiring a new entertainment center and acquiring new leather couches. Those who went to Leadership '97 brought back a tremendous store of experience that was only enhanced by our recent retreat hosted by Monsignor Harris and PGS John Merino. The highlight of the afternoon was a rush seminar put on by Brad Phillips. Beta-Omicron is looking forward to a tremendous upcoming semester that will see us become a 50 man chapter and dominate the Long Beach State campus.

## CENTRAL MISSOURI STATE UNIVERSITY

### *Gamma-Gamma Chapter*

The brothers are proud to report an outstanding fall rush and are still celebrating the top fraternity G.P.A. The chapter would like to thank and recognize Brother Brad Hodson (Eta-Mu) for becoming our new chapter director and aiding in our success. We would also like to thank Alpha-Iota Chapter for accommodating us for the Mules football game.

## CLARION UNIVERSITY

### *Theta-Alpha Chapter*

Nineteen of our brothers began their semester by moving into a new chapter house. Thanks to the house, rush functions went great and resulted in eight new pledges. Having a new house has also made it possible to hold more brotherhood events like basketball and ping-pong tournaments. Hopefully this year's success will carry over to the intramural football team.

## CLEMSON UNIVERSITY

### *Eta-Psi Chapter*

Eta-Psi finished off a very successful fall semester by continuing to grow and achieving a higher status among the Greek community on campus. The chapter participated in every activity held on campus and finished strong in each one. All of the pledges were initiated at the end of the semester and each new brother is looking forward to helping the fraternity grow. The chapter has lofty goals for the spring semester of which the loftiest is to start saving more money to help finance a new chapter house on the campus' planned Greek row.

## COLLEGE OF WILLIAM & MARY

### *Alpha-Eta Chapter*

The semester kicked off with our 5th Annual Nerf Football Tournament to benefit the Multiple Sclerosis Society. Homecoming was also a great success as we teamed up with Kappa Delta Sorority and placed second in the float competition. Fall Formal this year was at the Colonial Golf Club. Rush this semester was very successful as we brought in 11 men.

## COLORADO STATE UNIV.

### *Eta-Sigma Chapter*

This semester we took our brotherhood to new levels with such events as barbecues and Bronco football games, road trips and football scrimmages. We went camping at Horsetooth Reservoir for our brotherhood retreat and rediscovered the unity that brought us together. Most of the brothers took a trip to Lincoln, Nebraska, for a national flag football tournament where two different teams each made it to the semi-finals. Many brothers are also looking forward to going to San Diego for the Holiday Bowl and the CSU-Missouri game. We are also planning our annual Super Bowl trip to Las Vegas. We congratulate our pledges for a great semester.

## DRURY COLLEGE

### *Epsilon-Rho Chapter*

The brothers kicked off the school year by holding their annual work week. This year, in addition to the traditional cleaning and painting, the brothers were able to renovate the kitchen thanks in part to a large pledge class donation. Epsilon-Rho experienced a very hectic but successful fall rush. During the summer, several recruitment events were held in Springfield and St. Louis. During rush week, the brothers hosted such events as an all-school barbecue and the ever popular "Casino Night." These successful events gained Epsilon-Rho nineteen new pledges.

## EASTERN ILLINOIS UNIV.

### *Beta-Gamma Chapter*

In 1954, the men of Beta-Gamma established 956 Sixth Street as a home and heart for Sigma Pi. Forty-three years later, a new generation of brothers look to continue the traditions of old. Last fall, Denny Stewart (BI, '68) took over the post of chapter director and Brad Bradshaw (BI, '93) became faculty advisor. In this short time these two brothers have earned the respect, admiration, and friendship of the chapter through their dedication. Denny Stewart and Dave Deirking, along with the support of the alumni association and the active body, sacrificed their summer to complete a \$100,000 restoration project for chapter

house. Heart-felt thanks goes out to Brother Boyd who has left us for an administrative position at St. Louis University. There is also a new face around. Wanda Reed, a university employee for over thirty years, has become our beloved new house mom. Beta-Gamma accepted 35 pledges this fall. Our brothers have also proven their leadership on campus. Brothers Brent Babbs, Keith Anderson, and Joe Kienzler all hold valuable IFC positions, while James Donahue won a recent election to the Student Senate.

## EASTERN KENTUCKY UNIV.

### *Epsilon-Lambda Chapter*

Once again Epsilon-Lambda is amazing everyone with great rush numbers and numerous awards. This past semester brought a pledge class of twenty plus members. In addition, our membership has proven its strength on campus by receiving the Most Improved Chapter Award and our Sage, Les Roberts, was recognized as the Best New Member. We would like to invite everyone to attend our annual Pig Roast/Softball Tournament in April. For more information, please call 606-623-3036.

## EMBRY-RIDDLE (AZ) AERONAUTICAL UNIVERSITY

### *Epsilon-Phi Chapter*

On November 20th, Epsilon-Phi celebrated its 15th Anniversary. Currently we are doing well in intramural sports and are looking to end the season undefeated in Flashball. We are utilizing new fundraising techniques that have benefited both the chapter and the charities we donate to. Aside from our normal charitable giving to MS and Athletes For Kids, we plan to try a new project with the Prescott National Forest. We would like to congratulate Brothers Garth Lamonte and Chad Schwarm, both of whom got married this summer. Special thanks goes out to Brother Joel Geyer for revising our chapter home page.

## EMBRY-RIDDLE (FL) AERONAUTICAL UNIVERSITY

### *Zeta-Beta Chapter*

This semester 11 new brothers joined the ranks of Zeta-Beta and a few brothers returned after some

time off. The annual fundraiser at Daytona Speedway went very well and brought all the brothers together for the good of the chapter. Orchid Ball is not too far away and the brothers are looking forward to seeing old friends as the chapter's alumni return to town.

## **EMPORIA STATE UNIVERSITY** *Epsilon-Epsilon Chapter*

The chapter has accomplished a lot this past semester and is ready for initiation in early January. The Brothers participated in the annual blood drive for the American Red Cross and also donated over \$800 from our annual Bike-A-Thon. Additional money was raised for house improvements by selling refreshments at the Kansas City Chiefs game and holding a garage sale. In December Sigma chapter traveled to Emporia for a Brotherhood Night and the brothers are planning to travel to Iowa in February.

## **FLORIDA STATE UNIVERSITY** *Eta-Epsilon Chapter*

Eta-Epsilon enjoyed an extensive social calendar with the highlight being the Wild Orchid Formal. Homecoming proved to be very successful, thanks in part to Chi Omega Sorority's tremendous efforts. Along with socials, the brothers also managed to continue the tradition of placing in philanthropies. With the success of fall rush, the brothers are really excited about what the spring might hold.

## **GEORGIA SOUTHERN UNIVERSITY** *Gamma-Tau Chapter*

The fall quarter started out well with a successful rush. The brothers celebrated Homecoming Week with Kappa Kappa Gamma Sorority. The week began with a night of ghost and goblins in the haunted forest and ended with the Homecoming parade in which Sigma Pi finished third in overall. Saturday was the Homecoming game and old brothers were reunited as Georgia Southern beat Furman. As the quarter came to a close the chapter got into the Christmas mood by donating clothes to a local boy's shelter. The chapter would like to thank all the brothers

whose grades made it possible to place in the top five and beat the all-male G.P.A. on campus.

## **INDIANA INSTITUTE OF TECHNOLOGY**

### *Gamma-Kappa Chapter*

A large pledge class and a very successful Toys for Tots fund-raiser started the semester off well. Another philanthropy project being planned is a clothing drive to benefit Coats for Kids. The chapter showed their dominance in the Greek system with a strong showing in the Greek Games and finishing first in intramural basketball, football, and bowling. The brothers have also taken great pride in the accomplishment of receiving the highest G.P.A. award and are working hard to retain this honor.

## **INDIANA UNIVERSITY**

### *Beta Chapter*

The chapter started the year by quickly signing a pledge class of over twenty men. In the Greek Fest competition, the tug-of-war team went undefeated and the soccer team, paired with Chi Omega Sorority, battled to the final four. As a perennial leader on campus in philanthropic money raised and one of the top three in service hours, the chapter will once again compete in the annual Dance Marathon that benefits Riley's Children's Hospital in Indianapolis. This is the biggest philanthropic event each year at Indiana and has been won by the Sigma Pi-Kappa Delta pair the last four years.

## **IOWA STATE UNIVERSITY**

### *Sigma Chapter*

While carrying on a strong and unified brotherhood, the brothers have been involved on the campus and in the community. The many hours of hard work for Homecoming paid off as the chapter won the Homecoming competition, placing first in Lawn Display and finishing second in Yell-Like-Hell and Tournaments competition. The chapter's main philanthropy project was held at Adventureland, an amusement park outside Des Moines, Iowa. Brothers operated rides, worked in concession stands and at carnival games to raise over \$1,200 for the American Diabetes Association. The brothers

also donate their time to Walktoberfest and a blood drive. Recently, the new officers were installed and everyone is excited about activating the largest pledge class ever in the spring.

## **JAMES MADISON UNIV.**

### *Epsilon-Mu Chapter*

Our annual philanthropy, S.H.A.R.E., went extremely well, raising nearly \$1,000 to help disadvantaged families in and around the Harrisonburg area. We capped off the semester with a tremendously successful Greek Week, taking first in both volleyball and the Tray Race, while finishing second in soccer. The chapter would like to thank Co-Rush Chairmen Scott Abbett and Jeff Davison for orchestrating one of the most successful rushes in recent memory.

## **JOHNSON AND WALES UNIV.**

### *Eta-Omega Chapter*

On September 20, Eta-Omega hosted the annual New England Province Workshop. Over 60 brothers from the province attended to hear a powerful day of speakers. The morning featured a presentation from Past Executive Director Andrew Morris on rush. Executive Director Mark Briscoe followed and spoke on financial responsibility and the role of the International Headquarters. After lunch Grand Second Counselor Don Cox spoke to the members about endowments and the roles of alumni clubs. The final presentation was a roundtable led by Province Archon Ed Levesque and ELC Chris Mundschenk. The day ended with the initiation of four members into Eta-Omega. Also in September, Eta-Omega hosted Judge Mitch Crane who spoke to the entire Greek body on issues facing today's Greek organizations. Lastly, the chapter congratulates Brother Shane Nicolopus on receiving an Educational Foundation Scholarship.

## **KUTZTOWN UNIVERSITY**

### *Eta-Pi Chapter*

The brothers have been very busy with several important events this semester. The annual Rock-A-Thon was held raising more money than any previous year. After helping the

university last year with the annual phone-a-thon, Sigma Pi was the only organization invited back to help. In the community, brothers joined together with other organizations to hold a hayride on campus and told ghost stories to the youth of Kutztown. Eta-Pi also continued its support of the Adopt-A-Highway program. Sigma Pi shined bright when we won an award from the volunteer center for outstanding community service on and off campus. Brother Hieu Bui was named Homecoming King for 1997. The chapter also initiated nine new members, the most of any group on campus. Finally, Eta-Pi reminds all the alumni that the Third Annual Golf Tournament and Orchid Ball will be held this spring.

## **LOYOLA UNIVERSITY**

### *Beta-Chi Chapter*

Beta-Chi has been very busy with rush this fall semester. We are very excited because of the great job Steve Haro and Tom Schultz have done with the rush program. Through organization fairs and information tables, they have gotten over 60 rushees. Rush events have gone well thus far and we expect good turn outs to continue. Thanks go out to Tom Bull, one of the alumni who put together a very successful brotherhood event. A group of brothers went to northern Wisconsin for a weekend of camping and rafting. It proved to be a lot of fun and a good chance for the brothers to become closer.

## **MICHIGAN TECHNOLOGICAL UNIVERSITY**

### *Zeta-Epsilon Chapter*

The brothers are pumped for the 1997-98 academic year. Zeta-Epsilon beat all other local fraternities in grades last spring and hopes to repeat the feat again this fall. Our chapter house has seen some renovations recently and plans for more are underway.

## **NORTH CAROLINA STATE UNIVERSITY**

### *Rho Chapter*

The past semester has been quite rewarding for the brothers. While we are sad to say good-bye to some great brothers, we brought in seven new brothers. Work has begun to put

together the Fifth Annual Sigma Pi Volleyball Tournament to support MS. New house plans, along with a great social semester, have brought new energy to the chapter. The bowling team added to this energy by making it to the championship round. The 1998 Orchid Ball is planned for Nags Head Beach.

## OAKLAND UNIVERSITY

### Zeta-Pi Chapter

After a wonderful time at Leadership school, our brothers hosted the 3rd Annual Pig Roast for the entire campus during Welcome Week. The event contributed to one of our largest pledge classes in years. Additional thanks for our fall rush go to the brothers that served as campus orientation group leaders this summer and our six brothers that serve in student government. Zeta-Pi's newest project included working with alumni to build and operate a haunted house in nearby Pontiac for Halloween. Also, our First Counselor is planning a spectacular Active/Alumni Golf Outing for the spring. Special congratulations to our chapter director Chuck Surinck and his wife Joy who are expecting their third child.

## OHIO NORTHERN UNIV.

### Zeta Chapter

The brothers have been extremely busy whether it be in intramural sports, fundraisers, or philanthropies. During Homecoming nearly 35 alumni came from around the country to enjoy the festivities. Everyone enjoyed a chicken barbecue, a brotherhood formal, and a nice night of getting acquainted. The flash football team was very successful, making it to the final four, and the roller hockey team experienced success as well. This winter the chapter has teams in the indoor soccer league and basketball league. Zeta is currently involved with a new pledge class and the chapter is looking forward to initiating this fine group. Lastly, the brothers raised the chapter G.P.A. by almost a half point this last quarter and attained a higher average than the campus average.

The men of Epsilon-Epsilon pose after their first place finish in the IFC soccer league.

## PEPPERDINE UNIVERSITY

### Colony

The rigorous academic year has begun once again with a bang for the brothers. We received immediate interest during our fall rush and spring rush looks promising. The Executive Council is quickly learning the ins and outs of running an established fraternity. Future endeavors include expanding our numbers with the ensuing spring rush. We are lucky enough to have many alumni living in the Malibu area and actively participating in the colony's growth.

## PURDUE UNIVERSITY

### Eta Chapter

Celebrating 85 years of brotherhood, Eta has continued to excel, nearly doubling its membership in the last two years. Eta had a very impressive showing in the Greek Open, the first philanthropy of the year. After a good rush, the chapter is ready for another great semester maintaining our strong brotherhood and Sigma Pi pride.

## SANTA CLARA UNIVERSITY

### Zeta-Eta Chapter

Zeta-Eta has been working hard on many improvements over the last

quarter. Renovations to the chapter house include new grass, fencing and paint. A revamped alumni board has provided great leadership to a strong Executive Council. The brothers have been striving to maintain the top academic position among the fraternities. They also assisted with the City-Year clean up and look forward to helping at the Second Harvest food bank. Socially, the chapter's fall semi-formal at the Lighthouse Hotel in Pacifica was a success.

## SETON HALL UNIVERSITY

### Delta-Epsilon Chapter

Delta-Epsilon can now be found on the internet at [www.shu.edu/~mcneese/sigpi.htm](http://www.shu.edu/~mcneese/sigpi.htm). There are plenty of sections that keep everyone updated with what's going on at Seton Hall. There's even an alumni section with details of alumni/active plans. Be sure to sign the guest book when you visit and if you can, please leave an e-mail address. Founders' Day this year will be held on March 21st. An Alumni/Active softball game and dinner are being planned. For further information contact First Counselor Conall Duffin at 973-275-4759 or Sage Diogo Tavares at 973-275-3360. Orchid Ball will be the first weekend in May. Information will be

posted on the Web site when it is available. The brothers would like to congratulate Rudy Sepetjian and Jason Wanko for being inducted into the Order of Omega this past December. The brothers took part this semester in an all-day rush, hazing, and finances seminar that went well.

## SOUTHERN ARKANSAS UNIV.

### Epsilon-Kappa Chapter

The chapter has been planning this semester for Orchid Ball and Homecoming. Also, a fund-raiser for abused children and other city-wide projects are being planned. The brothers thank the alumni for their guidance and support over the years.

## SOUTHERN CONNECTICUT STATE UNIVERSITY

### Eta-Beta Chapter

On September 27, a number of brothers helped out with a go-kart race to benefit troubled youths that was held in up-state Connecticut. The function was run by Brother Travis Washay. The chapter will also participate in a car wash fund-raiser with a local radio station. The brothers congratulate Kevin Laydon on his upcoming marriage.

## **SOUTHERN ILLINOIS UNIVERSITY-CARBONDALE**

### *Beta-Nu Chapter*

Numerous brotherhood events such as the biannual canoe trip and the T.E.A.M.S. rope course helped bring the chapter together. A golf tournament was also held to boost camaraderie; Brother Touly won with an outstanding 13 under par. Finally, the brothers of Beta-Nu congratulate the Fall 1997 pledge class on their initiation. With the installation of a new executive council and the addition of new brothers, Beta-Nu is looking forward to successful spring semester.

## **SOUTHERN ILLINOIS UNIVERSITY-EDWARDSVILLE**

### *Delta-Omega Chapter*

The chapter had a great rush this fall. Several good rush events helped christen the new chapter house. The fall semester has started out well and does not seem to be slowing down. The chapter is looking forward to playing in the Toilet Bowl against a rival fraternity on Super Bowl Sunday. The winner of the flag football game will receive the golden toilet.

## **UNIVERSITY OF CALIFORNIA-IRVINE**

### *Eta-Upsilon Chapter*

This fall has been a ground breaking year for the chapter. An aggressive rush campaign produced 18 pledges, the largest class in chapter history and the second largest on campus. Sigma Pi received the Best Pledge Program Award the last two years during the Greek Awards Banquet and the chapter looks forward to making it three years straight. On December 5 the chapter hosted a Winter Cocktail at the Atrium Hotel in Irvine. Eta-Upsilon looks forward the Winter quarter and the initiation of the Delta pledge class.

## **UNIVERSITY OF CALIFORNIA-LOS ANGELES**

### *Upsilon Chapter*

With the chapter number dwindling, the brothers realized that a strong fall rush was essential in maintaining the chapter's dominance on campus. Thus, a new

strategic plan was needed for rush. Daniel Romero assumed the position of Rush Chair and worked diligently throughout the summer creating new plans for a strong appeal and an overall productive rush. He was assisted by several active brothers in the months July through August and coordinated events which ultimately led to a productive rush in late September. Upsilon finished with the strongest rush at UCLA, obtaining 27 new pledges.

## **UNIVERSITY OF COLORADO**

### *Zeta-Delta Colony*

Zeta-Delta Colony concluded the Fall 1997 semester with many accomplishments to boast. The time consuming task of authoring, editing, and ratifying the Constitution and Bylaws has been completed. Also, a lengthy petition to charter was submitted to the Grand Chapter, which required dedicated work by all of the Brothers to complete.

Spring semester promises to be the most exciting in Zeta Delta's history. The colony will be officially re-chartered on February 21st, and lofty ambitions have been set to increase membership. The colony is looking forward to attending its first convocation in Tampa as a chapter. Zeta-Delta congratulates Brother Matt Shock for being elected to represent Sigma Pi as IFC secretary for the upcoming year. Other chapters are always welcome to visit and take full advantage of the recreation Colorado has to offer.

## **UNIVERSITY OF GEORGIA**

### *Alpha-Phi Chapter*

Fall quarter at Alpha-Phi was another exciting one. Band parties, socials, alumni days, and fall football kept all the brothers busy. The chapter initiated seven new brothers, established a new alumni program and boasts the recipient of the Walter Lemmond Scholarship. Other highlights included the celebration of the chapter's 49th Anniversary, our Halloween datenight, and Homecoming. The brothers thank all the alumni that came by the house this fall and hope to see everyone at our Founders' Day lunch and golf tournament in February.

## **UNIVERSITY OF KENTUCKY**

### *Epsilon-Beta Chapter*

The fall semester has been a great one for Epsilon-Beta. The semester included the initiation of 25 new pledges along with many fun social and philanthropic events. The Pi-Athalon, Epsilon-Beta's campus wide philanthropic event, was again very successful. Everyone who participated enjoyed getting covered from head-to-toe in mud pies all in the name of charity. This year over \$1200 was raised for Muscular Dystrophy.

## **UNIVERSITY OF MISSOURI-COLUMBIA**

### *Gamma-Sigma Chapter*

Gamma-Sigma started the year off with the 1st Annual Sigma Pi Golf Classic. The chapter also hosted a Parent/Alumni Brunch before the Homecoming football game. We congratulate our new actives and look forward to a great year.

## **UNIVERSITY OF MISSOURI-ROLLA**

### *Alpha-Iota Chapter*

The brothers are finishing another fine semester. Last semester we placed sixth among the fraternities in the academic ranks for the second consecutive semester. We finished well in Greek Week and hosted some of our regular events. For Greek Week this year, we selected "The throne of the gods" for our theme. Our chariot consisted of a bathroom model with the throne, a toilet, perched high above the ground. We finished slightly better than last year receiving first in the games and second overall. Also this semester we hosted the annual Outhouse Burning at The Chancellor's. On Halloween night the Great Pumpkin rose from its patch to greet the trick-or-treaters of Rolla. The biggest development this semester has been our first place standing in intramurals. We placed first in softball, swimming, golf, and volleyball.

## **UNIVERSITY OF MISSOURI-ST. LOUIS**

### *Delta-Zeta Chapter*

The chapter is taking full advantage of the Centennial year. Coming down from the high of winning Greek

Week for the third consecutive year, seven brothers made their way to Vincennes last summer for Leadership '97 and brought back enough knowledge and enthusiasm for us to shoot to the top in pledge numbers. The house got a much needed face lift with the help of all the brothers. We are planning many alumni events for the upcoming year in addition to our annual active-alumni football game. For those who don't know, the new house number is 314-426-0078.

## **UNIVERSITY OF NORTHERN COLORADO**

### *Zeta-Tau Chapter*

Fall rush perpetuated our numbers with promising men making us the largest house on campus. We were also very successful in IFC sports, taking trophies in softball, volleyball, and football. Under great leadership, our football teams were led to another undefeated championship making us number one in points for the Greek Cup. The ladies of Alpha Sigma Alpha joined up with us this year for Homecoming and with the hard work and effort of both chapters, we won every Homecoming event. Special thanks to the alumni that visited. It was great seeing some older faces around, but our mailing list is becoming outdated. If you could please send a change of address card to the house it would be greatly appreciated. Philanthropic events were numerous with active participation in Habitat for Humanity and our Second Annual Haunted House. Also, we are in the process of adopting a highway to assist the community. We are looking forward to next semester and furthering our goal of winning the Grand Sage's Award!

## **UNIVERSITY OF RHODE ISLAND**

### *Alpha-Upsilon Chapter*

The year started with the brothers moving into a newly painted and trimmed chapter house. Rush went well and 70% of our bids were accepted. We have 12 pledges for the fall semester. Our numbers are going to increase significantly next year and we are going to be one of the biggest chapters on campus.

## A Great Loss

On November 1, 1997, Christopher Michael Brown, 22, of Epsilon Pi Chapter at Christopher Newport University was killed in a car accident. He was laid to rest in his hometown of Staunton, Virginia on November 4th, 1997.

Chris was initiated into Epsilon Pi Chapter on April 28th, 1994. During his three years, he held the positions of Rush Chairman and Pledge Educator. Chris' contribution to the fraternity went far beyond these two positions. Chris not only loved his fraternity, he loved life. Chris was full of life and truly took advantage of what it had to offer him.

He left a tremendous impact on his fraternity and on his university. As news of his death circulated around campus the chapter began organizing a candlelight vigil. Over 150 students and administrators came together to say good-bye to a friend and a brother. That night, everyone reflected and shared the impact that Chris had on their lives. As the vigil came to a close the chapter circled together and sang the fireside song: *Long may she live and may there be; True fellowship Eternally, Once more we pledge our loyalty to Sigma Pi Fraternity.*

After the funeral, all of the brothers went back to Chris's house where they presented Chris' mom with a plaque honoring her son and a sweatshirt with letters, symbolizing the fraternity's desire to make her Epsilon -Pi's chapter mother.

As symbol of brotherhood, the chapter placed a purple cross with his name carved in white and a plaque bearing the creed at mile post 143 on Interstate 64, the site of the accident. As the cross was placed into the ground the brothers gathered one final time to offer their prayers and to say good-bye.

Seeing my brothers living up to everything that Sigma Pi and brotherhood stand for was truly something that cannot be put into words. Throughout our pledgship we are taught the tenants of brotherhood and what it means to be a Sigma Pi. To actually witness it and be a part of it, is an awesome experience. I have never been prouder of my chapter or of being a Sigma Pi.

David Edwards, EII, Christopher Newport '96

*The Brothers at Christopher Newport join in memory and support of the loss of Christopher Michael Brown.*

## UNIVERSITY OF SOUTHERN CALIFORNIA

### *Zeta-Lambda Chapter*

Zeta-Lambda has taken a great leap forward by acquiring a new house. With the new house came many firsts in our chapter history. We registered the greatest turnout of alumni and faculty during the traditional Homecoming and USC-UCLA football pre-game get togethers. The pledge class and current actives set new records for scholastic achievement and interfraternity involvement including participation in Delta Gamma's Anchorsplash, participation in the All-Greek Dance-A-Thon, and the hosting of Diversity Encouragement Council meetings at the new house. With a new and eager Executive Council and Alumni Relations Committee, Zeta-Lambda hopes to establish more traditions.

## UNIVERSITY OF VIRGINIA

### *Beta-Pi Chapter*

Having just completed a very successful alumni telethon, the chapter has now begun looking at options, with the support of our alumni representatives, for repurchasing our house from HRC. We have also raised a separate set of funds for the renovation of the chapter room. We have struggled through UVA's abysmal football performance with the help of alumni cocktail parties hosted on the new deck before every game. Big news around grounds, however, is being made by the Fraternity Alumni Council, who have been taking a serious look at whether the fraternity system at UVA can continue in its current state and examining the risk management issues within the system.

## UNIVERSITY OF WESTERN ONTARIO

### *Zeta-Iota Chapter*

With the enthusiasm of the Executive Council and the dedication of all the returning brothers, this year will definitely be one to remember. With a social calendar that keeps us moving into the new year, we will definitely leave our mark here at UWO. We have aspirations for a successful rush and as our theme states, we will take these young men in and say, "Welcome to Heaven." We extend special congrat-

ulations to James Mounsey and Andy Buchan on their respective engagements and also to Robert Eidt and Marcel Schyven on receiving their C.S.C.

## VINCENNES UNIVERSITY

### *Alpha Chapter*

The fall was a very good semester at Alpha. The chapter pledged 28 men and initiated nearly all of them. Our new Executive Council was recently installed and they are ready to do some good things for the chapter. We recently received an award for our efforts on our Adopt-A-Spot. We also had a blood drive and we were very active in intramurals. Founders' Day 1998 will be held on February 21st at the Executive Inn.

## WAKE FOREST UNIVERSITY

### *Alpha-Nu Chapter*

The Mike Parker era has begun with a strong semester. The social calendar included Reggae Sunsplash, Homecoming, our annual Mountain Weekend, and our annual Christmas party. Alpha-Nu has added three new men to its brotherhood and continues building its numbers. The IFC recognized Alpha-Nu with the Chapter Excellence Award which is presented annually to the best chapter at Wake Forest. The brothers have continued to serve the community by contributing to the Red Cross, helping the mentally handicapped enjoy their Holiday Ball and volunteering at the Winston-Salem Environment Fair. Our alumni showing at Homecoming was strong and we appreciate their continued interest in the chapter. We are planning major renovations to the chapter house in the lounge for the following summer and we are cooperating with the university to make this possible.

## WAYNE STATE UNIVERSITY

### *Gamma-Omega Chapter*

During the summer we completed many overdue renovations on the house. We retiled the basement floor, painted the interior of the house and resurfaced our parking lot. We also had a lot of fun during our Sixth Annual Canoe Trip which was held on the Riffle River. Since then, we have been busy with fall rush and the installation of our new officers. We

have also raised money to restore the eyesight of our house dog, Champ. During the weekend of Sept. 5th, the chapter went to Frasier, Michigan to build a very large playground for the children in the area. We are currently looking for more alumni to join our Alumni Association and are working to gain title to the chapter house.

### WEST CHESTER UNIVERSITY *Zeta-Alpha Chapter*

Last semester ended with our annual Orchid Ball at the Christiana Hilton. Many of our alumni attended and we welcomed our sweetheart, Stephaine Whitmore, into the fraternity. In addition, Fred Bubeck and Steve Devoll lavaliered their girlfriends. With the graduation of our Sage, Denis Judge, and First Counselor Mike Gillinder there is a new Executive Board. Our chapter has many events coming up this semester. They include Homecoming, Greek Week, our annual Brother Date Party, and Parent's Weekend. In addition, Brian Evarts will participate in the MS 150, which is a bike ride from Cherry Hill, New Jersey to Ocean City, New Jersey and back.

### WESTERN MICHIGAN UNIV. *Gamma-Rho Chapter*

Gamma-Rho celebrated its 30th Anniversary on October 18 during Homecoming. This semester we have introduced a new pledge program in an attempt to continue increasing the brotherhood within the group.

### WEST VIRGINIA INSTITUTE OF TECHNOLOGY *Gamma-Xi Chapter*

Gamma-Xi undertook some \$25,000 in house renovations over the summer. We now have a new roof, three new exterior steel doors and a washer and dryer set. We have a solid membership of 15 brothers. We initiated our Chapter Advisor, Charlie Davis, last semester. We have five pledges this semester. We look forward to our annual Homecoming Pig Roast and intramural football.

## DR. THOMAS J. PARMLEY

Dr. Thomas Parmley (II, Utah '21) passed to the Adytum on High on September 15, 1997 just a few weeks short of his 100th birthday. Brother Parmley spent 50 years teaching physics to students at the University of Utah and entertaining them in ways that endeared him to many who passed through his classroom. During his career, he received numerous awards including an Honorary Doctor of Science Degree from the University of Utah as well as being named as the University's Centennial Professor in 1996. In the professional world, he was involved in early nuclear research, the Atomic Energy Commission, the National Bureau of Standards and he served as Radiological Chief for Civil Defense for the State of Utah. Brother Parmley was also very active in the Church of Jesus Christ of Latter-day Saints. He spent a number of years traveling to different church units across the world giving lectures on a wide range of subjects relating to the church. Brother Parmley is survived by several relatives including 13 grandchildren and 24 great-grandchildren.

### Corrections

The graduation year for Michael Wilson (AA, Auburn) was incorrectly printed in the last edition under the Adytum on High section. He graduated in 1957.

Harry Lee Graham (E, Ohio '76) was listed in the Adytum on High section in the last issue. Fortunately, Harry is still alive and well. The staff apologizes for the oversight.

# The Brotherhood Walk

*Brick by brick,  
building a memorial  
to a Century of Brotherhood!*

In celebration of the Centennial Anniversary of Sigma Pi Fraternity, the Sigma Pi Educational Foundation has created an opportunity for lifetime recognition. Personally inscribed paving bricks purchased in the name of Brothers, Friends and Family Members will compose the walk.

We invite you to assure permanent recognition on Sigma Pi's Brotherhood Walk. Bricks can be purchased for yourself, brothers, friends, and family members—past and present.

Your tax deductible

gift of \$125 to the Centennial Annual Fund includes paving brick recognition in the Brotherhood Walk. At no additional cost, a framed rendering of your brick and watercolor print of Shadowwood will be shipped to you to bring a piece of the Centennial home.

Don't miss your opportunity to become a permanent part of Sigma Pi history. Join your brothers in celebrating Sigma Pi's past as we build for the future.

**To order your brick, please use the envelope provided within this issue. If your envelope is missing or to order additional bricks, contact Sigma Pi Educational Foundation at 812-882-1897.**
